## Sciatica, Its Cause and Cure

"Sciatica," according to Dr. Twitmyer of Columbia, "is a disease due either to pressure of tumors on the sciatic nerve, somewhere in the pelvis or in the nerve trunk or to neuritis, and is characterized by severe pain. It is very often followed by lameness; some cases are caused by impacted feces pressing upon the nerve. Sciatica attacks women more often than men, children being very seldom affected, and between the ages of 30 and 50 the disease is most common. Gout and rheumatism seem to be the active causes of the disease, which is therefore called sciatic rheumatism.

The treatment is varied and many remedies have been tried without success. Rest is the best thing for the trouble, and the more profound it is, the better, and if possible have the limb encased in a splint, so as to prevent any motion. The pain is the most important thing to relieve. Counter irritants, mustard plasters, iodine, etc., have been tried with more or less temporary benefit. Cold applications have proven of value. However, I have found Anti-kamnia Tablets to give the most prompt and lasting relief. Two A-K tablets every three hours is the dose which has proven satisfactory in the most severe cases. These tablets may be obtained at all druggists. Ask for A-K Tablets. They are unexcelled for headaches, neuralgia, and all pains.

### WAR REVENUE ACT TO STAND TILL WAR IS OVER

Sec'y McAdoo to Recommend Extension Until Peace is Declared—Sugar Duties to Remain.

WASHINGTON, Oct. 7.—Existing duties on sugar will be retained and the war emergency revenue act will be extended until peace is declared in Europe, if the recommendations of the administration to congress next December are heeded.

Sec'y McAdoo made the following official statement: "In reply to many inquiries I have received about the revenue measure that will be proposed in the next congress, I have determined to recommend (1) that the emergency revenue act which expires by limitation on Dec. 31, 1915, be extended until peace is restored in Europe, and (2) that the existing duties on sugar shall be retained for several years, or until normal customs conditions are restored. These are distinctly revenue measures and are necessary in view of the extraordinary conditions now prevailing throughout the world.

"It is impossible to state at the moment what, if any, additional revenue measures may be necessary, as the estimates of the various departments have not yet been received. It is clear, however, that the two sources of revenue I have just mentioned should be preserved, no matter what the departmental estimates may be. Of course, it rests with the congress to say what shall be done. I am merely stating what my recommendations in these particulars may be."

In this way it is estimated that approximately \$150,000,000 revenue will be insured to the government for at least one and perhaps for several years, the war emergency measure being counted upon to supply about \$80,000,000 and the duty on sugar between \$50,000,000 and \$60,000,000 annually.
